Robert E. Lee Park Open and Thriving in Winter

Robert E. Lee Park, located at 1000 Lakeside Drive, is a beautiful place in the winter time with ongoing educational programs for the public. Locals are invited to come out to this newly-renovated park by Baltimore County Recreation and Parks and enjoy what it has to offer.

Bart Viguers, a park ranger, took this photo on a snowy

February day. During the winter, the park continues to be open to the public from sunrise to sunset, daily.

Visitors can find additional parking and access from the Falls Road Light Rail Station via the Robert E. Lee Park Boardwalk. For more information, call 410-887-4156 or visit robert-teleepark.org.—*Information provided by Bart Viguers*
