

Signup Genius Paw Point Volunteer Opportunities do not display on the main park website calendar, they are fed through the main park calendar to the Paw Point Website Events Calendar. Paw Point Events must be created in the main park calendar and they will feed to the Paw Point Website Events Calendar. An inclusion policy has been created to allow for the exclusion of Paw Point Volunteer outings to be excluded from the main park calendar. If new categories are created, they will need to be manually added to the inclusion list for the new categories to appear on the calendar, a task to be accomplished by the Webmaster.
